Essence of Lombardy

While Lombardy is famous for its glittering lakes, it has much more to offer and much that's missed by the tourists who rush to its Lakes Garda, Como and Maggiore. Among them are quiet cobbled towns, quaint villages, trattorias serving age-old recipes, and the valleys of the Bergamasque Pre-Alps, where meadows and woods reign.

This tour casts the spotlight on this largely undiscovered corner of northern Italy: unfurling Lombardy's history, charms and rich cuisine over seven rewarding days. Based in Rota d'Imagna, time is spent exploring medieval jewels like Bergamo, sampling home-made delicacies and wines at family-run farms, discovering peaceful Lake Iseo, and enjoying a personal demonstration of local pasta-making from a master – your hotel owner, Giampiero.
